We invite you to join us for an inspiring Shabbat Morning Service with the *Hineini Havurah* at their community barn on Route 20 in Weston on November 4th. We will share original and traditional Shabbat prayer-songs to awaken our *neshama* and connect with each other through singing and chanting Shabbat morning prayers.

The service will include Torah *leyning* and discussion of the week's *parsha*, followed by blessings over *challa* and wine.

Note: Hebrew chanting facilitates and promotes group connection by creating and sharing a spiritual energy that lifts our hearts as we sing together. In the words of Abraham Joshua Heschel, "chanting lights a flame in the words of prayer."
